Your starter guide to all things Medicare.

Your local Medicare partner

Aspirus Health Plan is here to help. We sort out Medicare so you don't have to.

Let's get started.

When it comes to Medicare, you have lots of options

But all those choices can make it hard to find the coverage that's best for you.

Aspirus Health Plan can help. This simple guide covers important basics you'll need to know, like:

The four parts of Medicare

What each part covers

When to enroll in Medicare

How to avoid penalties

The four parts of Medicare

Each part covers different health care services

Original Medicare
Hospital insurance

Original Medicare
Medical insurance

Medicare Advantage

Prescription drug coverage

Part A: Original Medicare

Hospital insurance

What it covers

- ✓ Hospital stays
- ✓ Care in a skilled nursing facility
- ✓ Home health care
- ✓ Hospice care

Your out-of-pocket costs

- ✓ Copays
- ✓ Deductibles
- ✓ Coinsurance

Words to know

Copay

This is a set fee you pay when you visit your doctor or clinic or fill a prescription.

Coinsurance

You and your plan share the cost for some services. Coinsurance is the percentage of the cost you pay for a covered health care service.

Deductible

A deductible is the amount you pay for health care services before your plan begins to pay.

Monthly premium

This is the amount you pay each month for your health plan coverage.

Part B: Original Medicare

Medical insurance

What it covers

- ✓ Doctor visits
- ✓ Outpatient surgery
- ✓ Ambulance
- ✓ Medical equipment and supplies

Your out-of-pocket costs

- ✓ Monthly premiums
- ✓ Annual deductibles
- ✓ Coinsurance

Original Medicare covers a lot, but it won't pay for all the health care you may need.

If you only have Part A and Part B coverage, you'll pay the full cost for services Original Medicare doesn't cover, including:

- Preventive dental care and most other dental services
- Routine eye exams and eyewear
- Routine hearing exams and hearing aids
- Routine physical exams
- Fitness benefits
- Prescription drugs you may take at home
- Care in a skilled nursing facility without a qualifying 3-day hospital stay
- Most care you receive when traveling outside the U.S.

Part C: Medicare Advantage

Part C is also known as Medicare Advantage. These plans are offered by private health care companies such as Aspirus Health Plan. You can buy a Medicare Advantage plan to help pay for costs Original Medicare doesn't cover. These plans include all your Part A and Part B benefits along with many extras. Most offer Part D prescription drug coverage too.

What it covers

- ✓ Part A and Part B benefits
- ✓ Extras that may include vision, dental and fitness benefits
- ✓ Part D prescription drug coverage (most Medicare Advantage plans)

Your out-of-pocket costs

- ✓ Monthly premiums
- ✓ Copays
- ✓ Annual deductibles
- ✓ Coinsurance

Medicare Advantage plans are a popular choice for those who want the convenience of having all their health care benefits under one plan.

The "Advantages" of Medicare Advantage

Convenience

When you choose a Medicare Advantage plan that includes Part D prescription drug coverage, you get all your health benefits — and many extras — under one plan.

Travel coverage

Some Medicare Advantage plans cover you anywhere in the U.S. Most also include emergency coverage worldwide.

Financial protection

Medicare Advantage plans have an out-of-pocket maximum limit so you know how much you might have to pay in deductibles, copays and coinsurance in one year. Original Medicare doesn't have a limit.

Extras

Medicare Advantage plans may add benefits or programs like fitness benefits, dental benefits, eyewear and hearing aid benefits, over-the-counter spending allowance and more.

Part D: Prescription drug coverage

You can purchase Part D coverage from private health care companies to help cover the cost of your prescriptions.

Stages of coverage

- ✓ Initial coverage phase
- ✓ Coverage gap
- ✓ Catastrophic coverage

Your out-of-pocket costs

- ✓ Monthly premiums
- ✓ Copays
- ✓ Annual deductibles
- ✓ Coinsurance

There are two ways to get Part D

As part of a Medicare Advantage plan (MA-PD)

As a separate, stand-alone prescription drug plan (PDP)

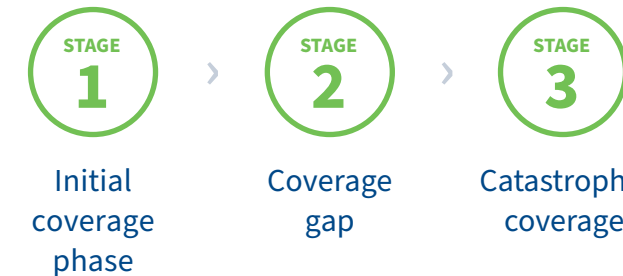

How Part D works

Part D works differently from other parts of Medicare.

- ✓ Plans are different when it comes to the drugs they cover
- ✓ Before you enroll, check to make sure your medications are on the list of covered drugs (formulary)
- ✓ How much your plan pays for your prescriptions depends on what phase of coverage you are in

If you don't sign up for a Part D plan or have credible drug coverage (e.g., VA benefits or SeniorCare Prescription Drug Assistance Program) when you are first eligible to do so, and you decide later you want to sign up, you may be required to pay a monthly late enrollment penalty equal to 1% of the national average premium amount for every month you didn't have coverage.

Standard benefits include three phases of coverage

You also may be able to get Extra Help to pay for your prescription drug costs. Visit ssa.gov to see if you qualify.

SeniorCare Prescription Drug Assistance Program (SPAP)

Wisconsin's creditable drug coverage assistance program.

- ✓ Low annual fee
- ✓ Coverage is based on income level

To qualify, you must be

- ✓ A Wisconsin resident
- ✓ A U.S. citizen or have qualifying immigrant status
- ✓ 65 years old or older

Visit dhs.wisconsin.gov/seniorcare for coverage details.

Medicare Supplement

Medicare Supplement plans, also called Medigap, pay some of the out-of-pocket costs that Original Medicare (Part A and Part B) doesn't cover. These plans are offered by private health care companies.

Medicare Supplement plan features

- ✓ Pays part or all of your deductibles, copays, coinsurance and other costs
- ✓ Portable: Keep your plan even if you live in another state for a few months or year-round
- ✓ Guaranteed renewable benefits: Your benefits won't change year to year and you can keep your plan as long as you pay your monthly premiums
- ✓ Medical coverage only. Does not include Medicare Part D coverage.

Medicare Supplement plans are a popular choice for those who plan to retire to another state and want to keep their same Medicare benefits when they move.

Enrolling in Medicare

Just turning 65?

Most people become eligible for Medicare at age 65. If you're already receiving Social Security benefits, you'll automatically be enrolled. If not, you'll need to sign up.

You have seven months to sign up for Medicare when you first become eligible. This is your Initial Enrollment Period (IEP).

Three months before your birthday month

+

Your birthday month

+

Three months after your birthday month

Where to sign up

You enroll in Part A and Part B through Social Security.

- ✓ Online at ssa.gov
- ✓ By phone at **1.800.772.1213**, 8 am – 7 pm, Monday – Friday
- ✓ In person at your local Social Security office

You can enroll in Part C Medicare Advantage, Part D or Medicare Supplement plans through private insurance companies only after you've enrolled in Original Medicare.

- ✓ You must have Part A and Part B before you can enroll in a Part C Medicare Advantage plan
- ✓ You must have Part A or Part B before you can enroll in Part D coverage
- ✓ You must have Part A and Part B before you can enroll in a Medicare Supplement plan

Delaying enrollment

You can wait to enroll in Medicare if you plan to keep working after age 65 and have coverage through your employer or your spouse's employer. If the employer has less than 20 employees, ask how their coverage works with Medicare.

If you wait to enroll in Part B and are not covered through an employer plan, you will only be able to sign up between January 1 and March 31 during the General Enrollment Period. Your coverage will begin the first day of the month after enrollment is accepted.

Late enrollment penalties

If you don't sign up for Part B and Part D when you first become eligible for Medicare, you may pay a penalty if you decide to sign up later.

Visit medicare.gov for details about penalties.
